KLEINER FEIGLING

Whether there is a party, barbecue, Oktoberfest, or bar crawl, Kleiner Feigling is the perfect companion for all your fun-filled adventures. It may be the unrivaled fig liqueur, but it's smooth, easy to drink taste cannot take all the credit. Above all, the legendary drinking games and ceremonies with the small, 20ml bottles are sure to spice up any party. Feigling-drinkers share the ritual of tapping the lid of the minis on the table before putting the cap on their nose and then downing the shot. Kleiner Feigling is truly the spirit for parties and celebrations.
